

## Vehicle Inspection Sticker

Drivers must provide a photo of their vehicle's state inspection sticker.

We accept inspection stickers from Pennsylvania, New Jersey, Delaware, or New York State:

- [Pennsylvania PennDOT windshield sticker](#)
- [New Jersey windshield sticker](#)
- [Delaware license plate with expiration date sticker](#)
- [New York State inspection sticker](#)

We also accept inspections from all Pennsylvania licensed mechanics (including NTB, Pep Boys, and Jiffy Lube). You can find inspection stations in Pennsylvania [here](#).

We don't cover the cost of annual inspections or inspections for existing drivers.

Inspections are valid until the marked expiration date.

Go to your Lyft Driver app to upload a photo of your inspection sticker. To add documents in the app, tap 'Account' in the main menu, then 'Documents'.

### Pennsylvania PennDOT windshield sticker

If your car is registered in Pennsylvania, it already undergoes this inspection every year and your mechanic puts a vehicle inspection sticker next to the emissions sticker on your front windshield. You can upload a photo of your annual inspection sticker in the Lyft Driver app.

Here's where you'll find your Pennsylvania inspection sticker:
